

NZ BADMINTON ACADEMY

Skills Squad

In this squad the emphasis is on skill development itself being the objective, rather than the competition it will eventually lead to. Here players strive to first learn then compete in the execution of skills, ranging from a basic level through to full execution under time and movement pressure. Players have the ability to achieve badges, trophies, and certificates over the year.

There are two types of skills squad, one in the development stream which is open to anyone, and one in the performance stream.

There are only 12 spots available per squad.

Email your details to nzba@slingshot.co.nz
